Pop Up Flower Card

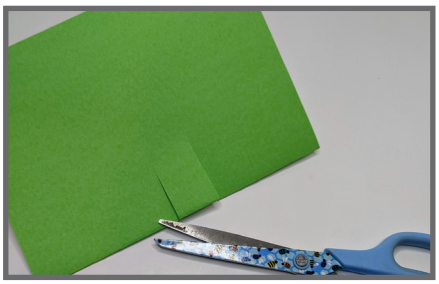

You will need:

- A4 card: 2 green, 1 red and 1 pink
- Pop Up Flower templates
- Scissors
- Glue stick
- Pen

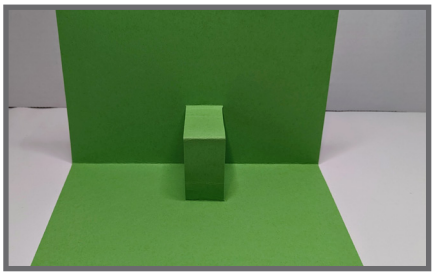

1) First, select a piece of A4 card for the background of your pop up card.
Fold the card in half widthways.

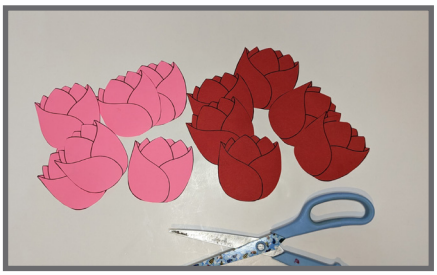

2) Next, use the scissors to cut two slits into the folded edge of the card. The slits should be around 3cm apart and 5cm long.

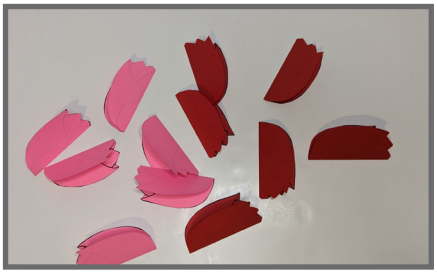

3) Open the folded card and push the 3cm wide cut section inside the card and refold the card over the cut section. When you open up the card, the wide cut section should stand up in a right angle.

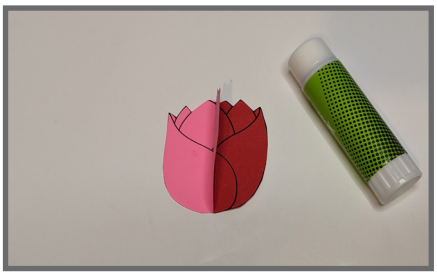

4) Print out the Pop Up Flower Card templates.
Print a copy of the flower template onto two different colours of card.

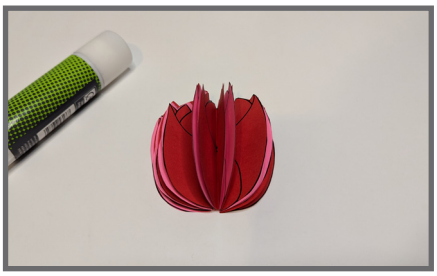

5) Using scissors, neatly cut around the flower templates.

6) Fold the flower templates in half.

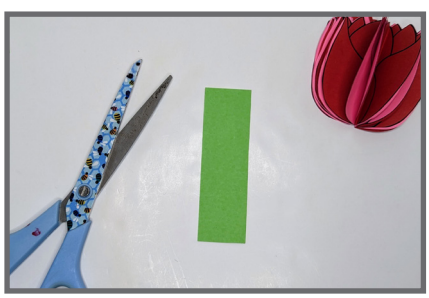

7) Spread glue over one half of a folded flower. Place one half of a different colour folded flower over the glue.

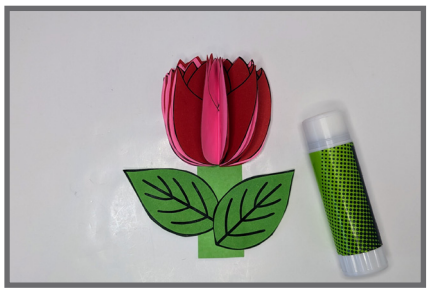

8) Repeat Step 8 with the remaining folded flower templates, until they are all glued together, leaving two folds unattached.

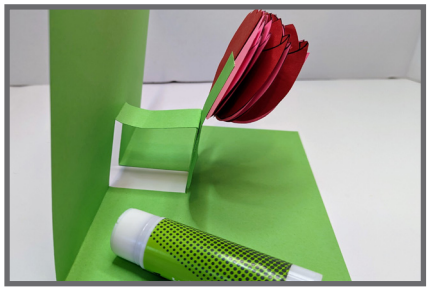

9) Print the leaf templates onto green card.
Cut neatly around the outlines of two leaves templates.

10) From the scrap green card, cut a strip of card that is about 3cm wide and 10cm tall.
This will make the stalk of your flower.

11) Add glue to the top of your green paper stalk. Place the two open folds of the 3D flower over the glue. Glue the two green leaves onto the green stalk.

12) Spread glue onto the back of the green stalk and place it over the pop up section of the folded greetings card.

13) Finally, use the pen to write a lovely message to someone special.
